Dear Kathy:

The chemo caps that you and other members of LBS so thoughtfully donated to the UWM House of Peace Nursing Center are beautiful! I was stunned when Michele provided these gorgeous works of art for us to distribute to our cancer survivors. You are truly a creative and gifted group with very generous hearts as well.

Please know that the women who will receive these caps will likely cherish them as one of the brighter components of their lives as they work to grow stronger and healthier and hopefully are able to beat the Big C!

I will be happy to let you know when we start to run low. Please feel free to drop over to the UWM House of Peace nursing center for a tour and to see the room we have set aside for these survivors.

Again, thank you for your kind generosity and desire to bring happiness into another person's life. May you be blessed for all your goodness.

Sincerely and with much gratitude,
